No. 940.

Office of the Superintending Engineer,
Special Investigation Circle,
Dharwar, 23rd June 1948.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject:- Change in the designation from Surveyors to Overseers.

Reference : Government letter No.9183/36-E(II), dated the 17th June 1948.

2. The work of a surveyor is chiefly surveys while that of an overseer is chiefly supervision, though he too has to survey. The two designations carry the same seniority but the duties of a surveyor are very arduous. It is unfortunate that pays of both surveyors and overseers (not engaged on surveys) are the same.

3. I think surveyors who have arduous duties not being stationed in one place should get 50% allowance for the type of duties which should not be available to overseers. The seniority list of both should be different. Seniority for permanency should be counted by pay, surveyors being considered senior to an overseer for the same pay. If this is done, a bad anomoly will be removed and there will be no difficulty in getting surveyors nor requests from surveyors that they should be called overseers.

Superintending Engineer,
Special Investigation Circle.

Letter.

From

The Superintending Engineer,
Southern Circle.

To

The Secretary to Government,
Public Works Department,
BOMBAY.

No.G.R.31/D.

Public Works Department,
Belgaum, 17th August 1948.

Subject:- Change in the designation of Surveyors in the Southern Circle.

Reference:- Government Letter No.9183/36-E(II), dated the 4th August 1948.

A similar proposal to change the designation from 'Surveyors' to 'Overseers' was made by the Superintending Engineer, Bombay Circle in his letter No.G-52/217, dated the 10th January 1948 and this office agreed to the proposal (vide this office No. G-40, dated the 14th February 1948). It was however, negatived by Government (vide G.L. No.9183/36-E, dated the 23rd July 1948) without giving any reasons. I am, therefore, unable to offer any more remarks than what has already been said on the subject.

2. There are in all 9 Permanent Surveyors in this Circle some of whom are put in charge of regular sections. In fact these surveyors are actually doing the duties of Overseers and both are borne on one consolidated list of seniority. There are no Surveyors on Temporary Establishment.

3. The result of removing distinction in Southern Circle between the Surveyors and Overseers will be that Mr. C.R.Chandrashekhariah will be the seniormost Overseer in the Circle for the next sub-divisional charge. His age is about 54. The next Mr.N.N.Rao is very junior comparatively and similar consideration of sub-divisional charge does not arise. Depending on the record of Mr. C.R.Chandrashekhariah, this question can be decided, for there have been instances in the past and in the present as well of practical men being promoted to sub-divisional Officers' rank. Hence with qualification Mr. C.R.Chandrashekhariah has, he cannot be ruled out of consideration for a sub-divisional charge.

4. With this position of affairs I recommend the distinction to be removed.

E.B(II).

The S.S.E. Association p.1 requests that the Surveyors in the Southern circle who are made permanent should be designated as Overseers. The general proposal of designating Surveyors as Overseers is negatived in G.L. No. p.31 9183/36-E(II), d. the 23-7-48. The S.E., S.C., has reported on the ~~request~~ of the Association at page 37 ante. It is not understood how Mr. C.R. Chandrashekhariah who stands at no. 42 in the Seniority list will become the Senior-most overseer in the Circle by merely designating him as Overseer. The draft letter put up may issue, if approved.

Letter.

From

The Superintending Engineer,
Southern Circle.

To

The Secretary to Government,
Public Works Department.
BOMBAY.

No.G.R.31(d).

Public Works Department,
Belgaum, 10th November 1948.

Subject:- Change in the designation of surveyors in the Southern Circle.

641

Reference:- Government Letter No.9183/38-E-(II) dated 9-9-1948.

Mr.C.R.Chandrashekhariah,surveyor, is borne against the cadre of Bombay Subordinate service of Engineers in the Southern Circle and his seniority is regulated along with other overseers in that cadre. The duties assingned to permanent surveyors in this circle are anologous to that of overseers for all intents and purposes.

2. Senior overseers in the B.S.S.E.,if otherwise fit, are eligible for being appointed as officiating Deputy Engineers. As, however, Government negatived the proposal to change the designation from "Surveyor" to "Overseer" a doubt has arisen whether the surveyors who are - seniormost in the cadre of B.S.S.E. are eligible or not for being appointed as Deputy Engineers and hence, the - case of Mr.C.R.Chandrashekhariah,surveyor, was referred to.....

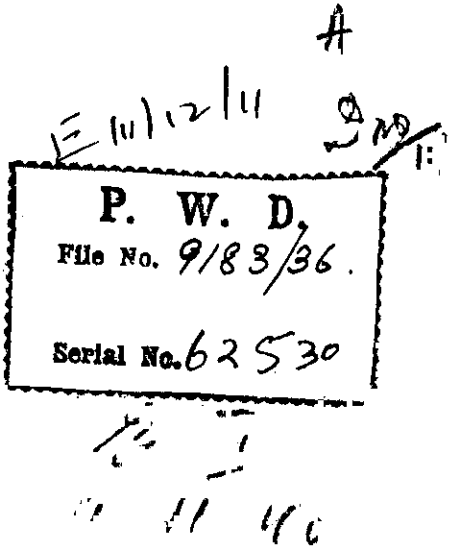
to, as all the overseers above him have already been appointed as officiating Deputy Engineers.

3. The above point may kindly be clarified.

9.01.48

Superintending Engineer, S.C.

Bt.9/11.



9183/36
63-80

P. W Deptt

E 13(II)

Submitted with reference to G.L. No. 9183/36-E(II) dated 9.9.48. p.41 p.43.

2. The S.E.S.C has now explained how Mr. C. R. Chandrashekhariah, surveyor, has become the seniormost ~~overseer~~ in the S.S.E cadre in the Southern Circle. As senior overseers, if otherwise found fit, are eligible for being appointed as Sy. Engrs. and as the duties assigned to a surveyor are analogous to those of an overseer, there would appear to be no objection to Mr. Chandrashekhariah who is now the most senior in the cadre of the S.S.E in the Southern Circle and possesses the necessary qualification to being appointed as Sy. Engr. when occasion arises, though the proposal to change the designation of surveyors to overseers has been negated.

3. The President, Association of S.S.E may also be informed with reference to his letter at P 1 ante, that after careful consideration Govt is unable to agree to his proposal to change the designation of surveyors to overseers.

C.R. 16.11.48.

DSecy 17/11

Secy(I)

Secy(I) I do not agree to the change in the nomenclature. The duties of Surveyor are not analogous to those of overseers.

Surveyors if they have ~~ceased~~ existed as such and are transferred to do the work of overseers permanently should alone be considered as overseers for appointment to Dy Engineer
